All I have from Alice last Thursday is what she submitted for WVDEP-RA, which is what I think she's referring to.

ETHYLENE OXIDE *(For Discussion)*

- We have completed risk exposure modeling for 2 Union Carbide facilities—South Charleston and Institute.
- Using air dispersion modeling inputs (local meteorology and facility-based information) from WV Division of Air Quality (WVDAQ), the risk for populated areas remain high.
- A call with WVDAQ was held on April 29 to discuss next steps. We agreed to provide examples of information from other EtO monitoring studies (in other ROs) to WVDAQ so that they can adequately consider whether community monitoring can be conducted. We will be seeking the availability of technical and funding support opportunities from OAQPS to help WVDAQ should they decide to conduct an air monitoring study.

Nonresponsive based on revised scope

Hi Cara,

Can you please resend these talking points to me? I can't find them.

Thanks, Cristina

Subject: Talking Points for RA Staff Meeting – Please Submit by 9:30 am

Good Morning,

This is a friendly reminder to submit your branch's talking points for the RA staff meeting **to Cristina** by 9:30 am. Please use the template entitled "RA-Division Directors Weekly Staff Meetings" found at <https://intranet.epa.gov/r3intran/OperatingGuidelines/index.html>

Please also respond to Cristina if you have no talking points to submit.

Thank you very much!
